

NetSol Technologies Limited Annual Report 2023

Company Overview

NetSol Technologies Limited is a leading provider of enterprise software solutions for the global finance and leasing industry. Founded in 1997, the company has established itself as a pioneer in developing innovative technology solutions that help financial institutions streamline their operations and enhance customer experiences. In 2023, NetSol continued to expand its global footprint with offices in Pakistan, USA, UK, China, and Thailand. Our flagship product, NFS Ascent, remains the industry-leading platform for automotive finance, equipment finance, and microfinance institutions worldwide.
